EXPOFORUM IS THE NEW VENUE FOR INTERNATIONAL EVENTS

EXPOFORUM – the new international convention and exhibition centre – is one of Europe's most cutting-edge venues for business and cultural events of any size and format, including exhibitions, conventions, forums, concerts, film premieres, sport competitions, and much more.

EXPOFORUM is located close to Pulkovo International Airport, at the highest point of St. Petersburg – Pulkovo Heights, which offers a unique panoramic view over the city. The project site covers an area of more than 56 ha with advanced infrastructure, allowing it to host any event.

The international convention and exhibition centre construction project has been implemented pursuant to an Agreement of Cooperation signed on 9 February 2007 between the Government of St. Petersburg and Gazprom Group company.

The convention and exhibition centre is managed by ExpoForum-International Ltd., one of Russia's leading convention and exhibition organisers, with more than 40% of the market in the Northwest region.
